

CLEARWATER RESOURCE CONSERVATION AND DEVELOPMENT COUNCIL, INC.

P.O. BOX 9576, MOSCOW, ID 83843-0176 (208) 882-4960

The Clearwater RC&D Council's mission is to provide leadership in building local collaborations for sustainable community and resource development that will improve the quality of life for residents of north-central Idaho.

January 14, 2011

Re: Western RC&D Association Conference; March 13-16, 2011

Greetings!

We are contacting potential vendors, exhibitors and sponsors for the annual Western Resource Conservation & Development (RC&D) Conference that will be held in Lewiston, Idaho at the Red Lion Inn from March 13-16, 2011.

With member Councils from 10 western states, the WRCDA Conference typically draws over 200 attendees. Those attending represent a cross section of local leaders with interest in natural resources, economic development, community development and other issues that improve their local area.

Vendors, exhibitors and sponsors will be given high levels of recognition during the sessions. Enclosed you will find additional detailed information about vendor/exhibitor/sponsor opportunities and a registration form.

Your participation in this meeting will give you a valuable opportunity for making new customer contacts and strengthening existing ones. Exhibitors at previous Western Conferences know that attendees are eager to learn about innovative and proven products, services, and technologies. We look forward to working with you on this exciting conference and thank you for your consideration.

Please direct your questions to Barb Knapp at (208) 882-4960 x102 or barb.knapp@clearwaterccd.org. Your completed registration can be returned as indicated in the attached packet.

Sincerely,

Clyde Hanson, President
Clearwater RC&D Council
