

# State RC&D Activity Reports

## 2009 Western RC&D Conference - Spearfish, South Dakota

Each state is being asked to do a 15 minute report on the RC&D activity in their state. These reports would highlight RC&D projects from the RC&D's in the state that were completed or are in progress during 2008 (the 2009 conference will not have success stories on individual projects as at recent western conferences). Each state may want to highlight a "Project of the Year". The state report would be presented by a representative from the state (State Association president or other designee) in a general session open to all conference attendees. Each state has a choice of presentation methods (written report, power point, oral, etc.). A screen, notebook computer, and projector for a power point presentation will be available, and you would need to bring a CD or flash drive containing your presentation. If you have any questions or other equipment needs, please contact Laura Kieser, President, Lower James RC&D, 1820 N. Kimball, Mitchell, SD, at [john.deppe@sd.usda.gov](mailto:john.deppe@sd.usda.gov). Ph: (605) 996-1031

**All State Reports will be on Tuesday, January 27. The Conference Agenda on Tuesday for the ten state reports is as follows:**
