Firewise Landscape Nursery  
at Shoshone High School

## FIREWISE LANDSCAPE NURSERIES HELP LOCAL SCHOOLS; PUBLIC SERVICE ANNOUNCEMENTS DIRECTED AT HOMEOWNERS

Shoshone and Hagerman High School Agriculture and Plant Science programs were both awarded assistance from the Mid-Snake RC&D to produce fire resistant plants and provide education to students on Firewise landscaping principles. Plants will be available for the Fire Education Team to give away at the Twin Falls Home and Garden Show and at county fairs in the Magic Valley. Plants will also be available as requested for homeowners and at community Firewise day celebrations.

The 2010 Public Service Announcements voiced by area Fire Chiefs continue to prove a successful in fire ignition prevention message. Fires ignited by humans continue to decline every year within the Twin Falls District BLM, Sawtooth National Forest and City and Rural Fire Departments. Special thanks to area Fire Chiefs for being the voice!

The mission of Mid-Snake RC&D is to help develop the economy of the Magic Valley, protect the environment and conserve the unique resources of the area.
